Dmytro Dontsov. (1883-1973). Community Leader, Journalist,
Political Ideologue. Rawdon, Quebec.

Original, 1898-1987, 5.600 m. Finding Aid No. 1895.

1992-05-25

Dmytro Dontsov was born on 28 August, 1883 in Melitopol, Tavriia Gubernia, in the Tsarist Russian Empire, now part of southern Ukraine. He studied at universities in St. Petersburg and also in Lviv, then part of the Austro-Hungarian Empire. Active in Ukrainian political and revolutionary organizations, he was one of the founding members of the Union for the Liberation of Ukraine in 1914. When the Ukrainian Hetmanate Government was formed in 1918, he was head of the official news agency. With the collapse of the armed struggle for the liberation of Ukraine (1918-1922), he returned to live in Lviv then under Polish administration. He edited several Ukrainian journals in Lviv during the 1920's and 1930's. His political writings inspired a generation of Ukrainian youth and formed the ideological basis of the Ukrainian integral nationalist movement of that period.

After the Second World War, Dontsov emigrated to the United States and within a short time arrived in Canada and settled in Montreal, Quebec. From 1948 to 1953, he lectured on Ukrainian literature at the Université de Montréal. During his years of retirement, he continued to write articles and books promoting Ukrainian nationalism and anti-communism and on religious, literary and philosophical themes. Dontsov died in Montreal on 30 March, 1973 and is buried in the Ukrainian Orthodox Cemetery in South Bound Brook, New Jersey.

Donated by Mr. George Salsky.

INTRODUCTION

The Dr. Dmytro Dontsov Papers were presented to the National Archives in 1982, 1986 and 1990. Most publications were kept in the collection however some books were transferred to the National Library. Photographs were transferred to the Documentary Art and Photography Division of the National Archives.

Correspondence is found throughout the collection. Each volume is a box containing 20 cm. of files.

A modified Library of Congress system of Ukrainian transliteration is used in this finding aid, however, some names, titles and words previously transliterated according to other systems were left in their original form.

This collection is of particular interest to researchers in the history of Ukrainian Canadians particularly the third wave of immigration during the years 1947-1955. This material is also of interest to students of Ukrainian nationalism, Cold War politics and anti-communism in Canada.
