Register of Scholars, Researchers and Academics

One of the objectives of the Canadian Institute of Ukrainian Studies is to assist in the establishment of creative contacts among professors, scholars, writers, researchers, librarians and graduate students in Ukrainian studies. To this end the Institute has developed a Register, which includes brief biographical information about the professional work and interests of people in Ukrainian studies.

The Register for 1985-86 contains a summary of information submitted by respondents to questionnaires circulated in Canada by the Institute in 1985.

It is hoped that the Register will serve as a resource book not only for students contemplating or pursuing Ukrainian or Ukrainian Canadian studies, but for all interested scholars and researchers.
