PRIME MINISTER - PREMIER MINISTRE

On the occasion of the Grand Reunion and Get-Together of the Ukrainian-Canadian War Veterans Association, meeting in Winnipeg in conjunction with the Convention of the Royal Canadian Legion, it is a pleasure indeed to extend my most cordial greetings to the participants.

Canadian veterans of Ukrainian origin may well take pride in their record in peace and war.

I commend them on their loyalty to Canada, their devotion to their mother tongue and culture, and their unswerving allegiance to the cause of freedom everywhere.

My best wishes to all for a happy Reunion.

May 6, 1964.

It is fitting indeed that members of the Ukrainian Canadian Veterans' Association should mark the I50th anniversary of the birth of Taras Shevchenko, for there is a close association between the poet and veterans.

Taras Shevchenko, the beloved national poet of Ukraine, was a great, articulate writer in the cause of freedom. And the ideals of freedom he so fiercely expounded were as fiercely upheld by those of Ukrainian descent who fought with such distinction for Canada in two World Wars and the Korean conflict.

In honoring the poet, you honor yourselves. Because of this, it is a great privilege for me to welcome Ukrainian-Canadian war veterans to Manitoba and to our capital city. I hope that visitors to our province, and Manitobans of the Ukrainian Canadian Veterans' Association have a happy and successful reunion.

DUFF ROBLIN
Premier of Manitoba.

MINISTER OF NATIONAL DEFENCE

MINISTRE DE LA DÉFENSE NATIONALE

A MESSAGE FROM THE MINISTER OF NATIONAL DEFENCE
THE HONOURABLE PAUL T. HELLYER
AT THE RE - UNION OF THE
UKRAINIAN CANADIAN VETERANS' ASSOCIATION
WINNIPEG, 16 MAY 1964.

I understand that as part of the celebration this weekend, you will be parading to the monument which was erected in Winnipeg to honour Taras Shevchenko, the poet laureate of the Ukraine. Although he himself was only free for nine years of his entire life, he was an individual who had a deep and passionate attachment for freedom and this was reflected in all his writings. If he were alive today, Shevchenko would rejoice in the knowledge that Ukrainians in many parts of the globe are speaking up for liberty and equality. He would take pride in the magnificent manner in which Canadians of Ukrainian descent have devoted themselves to freedom.

As a people who are widely represented in the agricultural, academic and political life of Canada I know that you are aware of the constant challenges which face the freedom loving countries of the world. May I say that I feel that Canadians of Ukrainian descent, now numbering well over 400.000 have been an example to all in their willingness and eagerness to join in the Canadian community and to contribute their talents to the betterment of the nation as a whole. The greater Canada that is in our power to make will be build not on uniformity but on a rich diversity.

Organizations such as the Ukrainian Canadian Veterans' Association have a part to play not only in maintaining the cultural heritage which your forebears brought to this country and which now constitutes part of the Canadian pattern but also in ensuring that freedom, equality, and justice, prevail in a troubled world.

The pages ahead will give you only a glimpse into the history that still remains to be written. History has always existed and has always been made and written. It will always be read. History is everlasting, like life itself for without life there would be no history. To appreciate history one must appreciate life.

Professor Simpson, retired head of the Department of History at the University of Saskatchewan was once asked, "Why study History?", to which he replied, "Have you ever thought what happens to a person who loses his memory?, And that is the answer to all our efforts. Our reunion and get-together, this souvenir copy of our own publication, freshly new and revived "New Opinion", our fraternity - UCVA, our wartime fraternity UCSA, all these things, when we boil them down to basic aim and purpose, spells out one thing only...

LEST WE FORGET!

That is the everlasting theme of Shevchenko's immortal poetry, and especially his TESTAMENT. Henry Van Dyke, in his little poem, "FOUR THINGS" expressed these ideas in six simple lines:

Four things a man must learn to do, If he would make his record true:
To think without confusion clearly,
To love his fellow man sincerely,
To act from honest motives purely,
To trust in God and Heaven securely.

History shows that our forefathers back in Ukraine and our own pioneer fathers and forefathers in Canada lived and died by these principes. A person who loses his memory must be treated for sickness. The same applies to a people or a race. As good Canadians of good Ukrainian stock we must never forget the heritage that is ours both as Canadians and as Ukrainians.

There is no conflict, no divided loyalties. On the contrary, let us thank God for our riches for we are doubly rich - and ever so much richer than those who have a single heritage, or those who have forgotten what history teaches so clearly

And let us all join together in common purpose and common effort, LEST WE FORGET... and lose our riches.

The Story of UCVA AND THE PILGRIMAGE TO WINNIPEG, MAY, 16-23, 1964

The Ukrainian Canadian Veterans' Association which celebrate this year the 20th Anniversary of the opening in London, England of the U.C.S.A. Service Club, had its birth in the Ukrainian Servicemen's Association (Active Service - Overseas) organized in Manchester early in 1943. It all started from a decision by a dozen or so Canadian Servicemen serving in the Canadian Armed Forces in England at that time, who happened to be of Ukrainian origin, to meet together the Ukrainian community in Manchester in order to celebrate Ukrainian Christmas according to the traditional religious rite always followed and still adhered to in Canada. Most of these soldiers, sailors and airmen were either related or knew each other back in Canada and majority came from the Western provinces.

During the years 1940-42 a few of the soldiers and airmen who had come overseas with the Canadian Division and First with first Air. Force units (No. 1 Squadron, Wireless & Radar Units, etc.) had located the small Ukrainian community in Manchester which dated back to pre-World War I days. Two even got married with Ukrainian Manchester girls. Through and from them others learned about this small community. The first organized get-together was held to celebrate Ukrainian Christmas according to the traditional rite of the Ukrainian churches, January 6-7, 1943. This was a very memorable occasion. The boys had the time of their lives. They sang traditional Ukrainian Christmas carols, had kootia and the traditional Christmas dishes and talked over old times back in Canada. About forty soldiers and airmen gathered at this first get-together and before parting had a formal meeting. The meeting unanimously recognized and agreed that there was a need for such social contact and organized themselves into the Ukrainian Canadian Servicemen's Assotiation (Active Service Overseas). Canadian Military and Air Force Headquarters were informed as were the folks back in Canada through private correspondence and through communiques to the Ukrainian language press in Canada.

Lady Susan Tweedsmuir graciously granted permission to act as patron of the U.C.S.A. and plans were immediately laid for future get-togethers and a permanent Club in London which was closer to most of the units in which our boys served and generally more central and convenient for all. The Association mushroomed rapidly. A constitution was drawn up and an active campaign was launched for gathering names addresses of Ukrainian-Canadians in the armed forces. Within a year more than two thousand names were obtained. By the time the war ended, more than 10,000 soldiers, airmen and sailors, men an women, officers and other ranks, had passed through the door of the U.C.S.A. Service Club.

To keep all members and the folks in Canada informed, a little booklet was published giving general background information regarding the U.C.S.A. with names and addresses of executive members and the Ukrainians resident in Britain, most of whom were in Manchester. Shortly after a nonperiodic Newsletter was launched, of which there appeared about 15 issues and a special souvenir supplement. In addition circular letters printed on a duplicating machine were sent to all members as and when required.

When hostilities ceased and the members began to be repatriated, those among the first to return immediately set-up a Veterans' Headquarters in Winnipeg. For a while both organizations, the Servicemen's and the Veterans' existed parallel. Gradually the pendulum swung more and more from servicemen to veterans. The publication in London for servicemen ceased to appear. Instead a veteran's publication appeared in Winnipeg, and this although at times irregularly, as the "Newsletter" and as "Opinion" has existed till today.

Through the war, and since there has existed a strong feeling of affiliation among Ukrainian Canadian servicemen and veterans towards the Canadian Legion. Although there were many different Canadian Service Clubs overseas, catering to the needs of the servicemen, whenever there was a choice Ukrain-

ian Canadian servicemen preferred Legion Services. When the question of membership in a veterans' organization after the war arose the unanimous choice was the Canadian Legion. And so it happened that among the aims of the UCVA now, one of the leading ones is "to promote among Ukrainian Canadian veterans membership in existing branches of the Canadian Legion." Wherever no branch exists and Ukrainian Canadian veterans live or assemble there in larger numbers, they are encouraged "to form Ukrainian Branches" of the Canadian Legion. And so it is that on the eve of the 25th Convention of the Canadian Legion in Winnipeg, the U.C.V.A. can modestly claim credit for bringing into the Canadian Legion directly or indirectly, about 5000 members, if not more. In addition to six Legion branches which are almost entirely Ukrainian (Ed-Winnipeg, Toronto. monton, St. Catharines and Hamilton, there are a few Montreal) members scattered thousand throughout the country, the majority in branches in Western Canada.

On the occasion of the 25th Annual Convention of the Royal Canadian Legion, IIkrainian. Canadians will also meet to mark the 20th Anniversary of the founding in London of the UCSA Service lub. This year however is a very important vear for all Ukrainians throughout the world for this is the 150th Anniversary of the birth of the Greatest Ukrainian poet, Taras Shevchenko. In 1961 the Ukrainian Canadians erected and unveiled a historic monument on the grounds of the Manitoba Legislative Assembly in Winnipeg. Ukrainian veterans in general and Branch 141 in particular did very much towards the founding and official unveiling of that monument. The occasion was the 100th Anniversary of the death of Shevchenko and a solemn occasion. Now. 3 years later it is fitting to hold a veterans' pilgrimage to that monument. This will take place on Sunday, May 16th, on the eve of the Legion Convention.

Every Ukrainian Veteran in Canada if at all possible should try to come to Winnipeg on this historic occasion!

U.C.S.A. SERVICES CLUB IN LONDON - 20th ANNIVERSERY

On Saturday and Sunday, April 15th and 16th, Ukrainian Canadians serving overseas in Canada's Armed Forces made history when they opened officially a Services Club in London to take the place of the homes they had left behind in Canada, in the service of King and Country. This "home away from home" served ALL ALLIED Servisemen, particularly those of Ukrainian descent, until well into 1947. It became the first office in the free world to devote its post-war energies to the service of Refugees, Displaced Persons and Victims of War, following World War II, as the CENTRAL UKRAINIAN RELIEF BUREAU, and gave birth in England to the Association of Ukrainians in Great Britain.

Below and in the next few pages we reproduce a few pages from the war-time publication of the UCSA Newsletter, to bring back memories -Lest We Forget...

U.C.S.A.'s SERVICES CLUB IN LONDON

On this page you see a picture of our Clubhouse in London. A very large number of you have already visited the Club and have seen what it looks like both inside and out. For the benefit of those who have not been so fortunate, we take this opportunity to introduce you to it. In Newsletter No. 4 we told you quite a bit about the Club and about the Paddington Parish Church to which the building belongs. At that time, however, we did not have a good enough picture of the building that would be suitable for reproduction. We are taking this opportunity therefore of printing this picture and reviewing some of the most important facts and features relative to the Association and our Club.

One thing that we wish to emphasise is that the Club is a private Club for Ukrainian members of primarily the Canadian, and secondly all the Allied forces. It operates on a membership basis. Since the Club is operated by the Ukrainian-Canadian Servicemen's Association, sponsored and financed by the Ukrainian-Canadian Committee and with the kind co-operation and permission of the Canadian civil and military authorities, it stands to reason that only Canadians can be regular members of the Club and can be elected to office. Ukrainians in the British, American or any of the Allied Forces can be honorary members and enjoy exactly the same privileges.

Some of the facilities offered at the Club are, lodgings, snack meals, reading room, writing room, library, and all those other things that go to make a "home away from home." For the time being and until further notice, everything at the Club is free of charge to all members. There is a regular distribution of cigarettes and comforts,

THE U.C.S.A. SERVICES CLUB, 218 Sussex Gardens, Paddington, W.2.

you can stay over night whenever you happen to be in town or spend your entire leave at the Club, you can always get a bite to eat during the hours laid down in the Rules and Regulations, and all this is free to all members and their guests. This arrangement has been made possible, only because of the kind and gracious help of the Ukrainian-Canadian Committee, all its member institutions and organizations, and thousands of kind individuals all over Canada who have been sending us parcels of food, cigarettes and comforts as well as financial help. With what has been sent us, we have been able to send small parcels to all the boys in Italy and Sicily about every two months, keep a good stock for free distribution both at Manchester and in London, hold three large get-togethers and numerous smaller social gatherings, and keep a daily service of meals to any boys who may be staying at the Club. Remember above all else, that everything is FREE to members. We do not run a "store" or shop, and cannot and do not sell anything. The Club is not a business institution but a HOME—YOUR HOME.

We were fortunate indeed to get such a perfect building in such an ideal location for our purpose. It is easy to find, quiet, very near both Lancaster Gate and Paddington Underground stations, and most ideal in every respect. In addition to that,

Vicar (he has given us permission to call him padre ") Rev. G .T. Chappell, and all the members of the parish have been most kind and hospitable in every way. All those boys who have met them speak most highly of their friendship and hospitality. It is certainly something we will always remember. Most of all, we are most grateful and honoured in being offered the services of the St. James' Paddington Parish Church for any of our services. . The church has also opened a small rest room and reading room right in the church itself. This we recommend to all our members. There is an excellent selection of good books and pamphlets there. If you want to spend a quiet hour or so reading, the place is just ideal.

So there it is fellows. All these things have been organized and set up for your benefit and your use. Perhaps it isn't much, but it's our way of trying to make your time away from home a bit easier and more pleasant. Now and again, it cooks, Private Swerhone, Private Prima and Private Karpiak say they'll even treat you to a meal of "holubtsi," "pyrohy," or "borsch." How about dropping in and sampling their

cooking?

We have already told you briefly in our circular letter No. 14 about the get-together and the official opening which took place on Saturday and Sunday, April 15th and 16th. On this page we reproduce two of the many very excellent pictures taken at this get-together. Some ten different pictures were taken. We regret that space in the Newsletter does not permit us to reproduce all

A group of Officers at the official opening of the Club. Left to right—Major Campbell Smith (C.M.H.Q.), F.O. N. Bodner (Edmonton), Capt. B. Mychalyshyn (Edmonton), Lieut. I. Nokony (Regina), Cpl. Helen Kozicky (Calgary), F/O. B. Panchuk (Saskatoon), Rev. G. T. Chappell (Vicar), F/L. McDonald (R.C.A.F.H.Q.), F/L Belfry (R.C.A.F.H.Q.), L.A.W. Anne Cherniawsky (Vegreville).

of them. However, we can assure you that they are excellent souvenirs of a very memorable event. If anybody should want any they can be obtained from the Club at cost price.

On the whole the festival was really a most memorable event.

You should have seen our cooks! Pte. Swerhone (Canora, Sask) could get off only for a few hours, but he spent every bit of that time making sandwiches and generally starting the preparations. We were most fortunate to have Pte. Karpiak (Regina Sask) drop in on us quite unexpectedly. Like the good sport that he is (his job in the army incidentally is NOT cooking, but instructing P.T. and supervising sports) he pitched right in, and on quite short notice and with rather limited materials and supplies, dished out an Easter dinner fit for a king any day. Yes, they did a wonderful job. The "power behind the scene " of all this activity of course was L/Cpl. (now full Corporal) Helen Kozicky from Calgary, Alberta. Were it not for her all our efforts would' have been very futile indeed. Good show Helen! And of course we mustn't for a minute forget our "dear little Anne," (LAW Anne Cherniawsky) from Vegreville, Alta. Mrs. Olga Pawliuk, Cpl. Anne Crapleve and her friends, little Nellie Parks and the host of C.W.A.C.'s that turned out to

The official opening ceremony. Holding the blue and vellow ribbon are Cpl. Helen Kozicky (Calgary), and L.A.W. Anne Cherniawsky (Vegreville).

the festival all pitched in and helped to make it a real success.

The social evenings were most ably conducted by our vice-secretary, L.A.C. Johnny Yuzyk (Regina, Sask.) and Lieut, Ivan Nokony (also from Regina) who kept the ball rolling right along. Johnny in particular helped to fill the bill most admirably by contributing a few most excellent vocal selections and by leading the sing-songs. Did anybody else hear those deep sighs and those "Ain't he grand" exclamations from the A.T.S. corner?

Without any doubt two of the quietest, least seen and yet most vital cogs in the entire proceedings were Cpl. Steve Kalin (Hafford, Sask) and Pte. (now Corporal) "Tony" Gadzosa from Toronto, our present Club director. It seems they never had a minute to spare, what with registration, taking in fees, issuing receipts and running around in circles. While Ann Crapleve (Winnipeg) kept "rolling in the dough" and generally helping one and all, these two "weepingwillows" just saw to everything from dish washing to entertaining our most "elite" guests. Good show Shteef and Tonee! You'll each make a good wife to some drunken —.

It would be just impossible to mention everybody who helped to make the festival a success. For instance, Pte. J. Hrudey from Edmonton, our carpenter, Pte. Johnny Dawybida from Ashville, Manitoba, Capt. B. Mychalyshyn from Edmonton, P/O. J. Ustick from Winnipeg, F/O. N. Bodner from Edmonton, "Uncle" Frank Dobrosky from Regina, and a host of others all helped to make this Easter one of the most memorable Easter festivals we have ever had,

and certainly the best since we left good old Canada.

We have deliberately left until the end, mention of three of the grandest girls in London, who have often travelled all the way from their home just to help in the preparations and to see the get-together through. These are the three Pankow sisters, Helen, Lydia and Nadia. Nadia is serving in the W.A.A.F. so that she cannot come out very often, but Helen and Lydia have always helped very much in every way, and it goes without saying that all the members of the Executive and the various committees and all the individual members of the Association are and have always been very grateful. Thanks girls! We really appreciate it.

Greetings received on the occasion of the Easter Get-together and the official opening

1. From Lady Tweedsmuir, Patroness of the Association

"My thoughts are so much with the Ukrainian-Canadian Servicemen's Club on the occasion of its opening.

I am so deeply sorry that I am not able to be present, but my thoughts will be with you

3. From F Lt. MacDonald, R.C.A.F. Head-quarters.

"On behalf of Air Marshal Breadner the Air Officer Commanding-in-Chief R.C.A.F. Overseas,

Since my home is in Saskatoon, I have lived, gone to school and worked with the Ukrainians for a good long time, and I can assure you that I have always found them full of enthusiasm and most industrious. This Club of yours is just further proof of the enthusiasm, the keenness and the industry to which I refer. I can assure you we are always only too glad to help you in anything that you may do for the welfare of the Canadian servicemen."

4. Major Campbell Millar (A.G. 7 Pers.) Canadian Military Headquarters.

"On behalf of Major-General Montague it gives me great pleasure to be present at the official opening of your Club and your Easter festival, and to extend to you the greetings of Canadian Military Headquarters on this occasion. We are very much interested in your Association and can assure you that the work which you are carrying on is greatly appreciated. All our sincere good wishes go with you on the occasion of this festival."

No. 11

LET'S TALK IT OVER

By the President-F/Lt. B. Panchuk.

Once when I was still a young boy in school, I learned a little verse—written by some anonyous poet. Since then I have often seen and have often used it in Autograph Books.

"Oh Lord, in this battle of life that goes on, I ask but a field that is fair, A chance that is equal with all in the strife, And courage to do and to dare.

And if I should win let it be by this code, With all my faith and honour held high, And if I should lose let me stand by the road—And cheer as the winner goes by."

There is much food for thought in those lines. On November 10th and 11th we celebrate the " official closing " of our own " home away from home "-the U.C.S.A. Services Club in London. The Club as such is almost exactly two years old on that date, since it was early in November of 1943 when we first "moved in" to the Vicarage. At that time however, it was nothing at all compared to what it is to-day. There wasn't a single piece of furniture in the building. The walls and floors were all dirty and covered with dust and The windows were broken. Many of the ooms had no electric fixtures of any kind. There was no power, no light, no fuel, no water and nobody on the spot to organize these things for us. There was no caretaker. We borrowed two broken chairs with sawed-off legs, a table bound together by rope and strings, bought a secondhand mattress in Oxford Street for thirty shillings and borrowed a blanket from Mrs. Pankiw. For almost a month there was nothing more in the Club. The numbers then visiting it, over and above the executive, were just nil.

To-day we have the building well and comfortably furnished. There are beds to accommodate over fifty servicemen. A comfortable lounge, a well stocked library, a cosy kitchen, a busy office and a host of other features that make it a cosy, comfy home. The place is always full. Men from Sydney, Nova Scotia, Montreal,

Toronto, and right across Canada to Vancouver visit the Club and make it their home. There is scarcely a district in Canada inhabited by Ukrainians that has not provided a visitor to the Club. On the leaflet-programme printed for this last get-together is a very brief summary of some of the services and achievements of our Club and our organisation. But the greatest service and the greatest achievement cannot be described in words and cannot be put on paper. It is that spirit of co-operation and working together that has developed among our men and women in the Armed Forces—something previously unheard of and unseen, to such a degree.

All visitors to the Club and all new members marvel at the uniqueness of our institution. Everybody is amazed how, without any staff to speak of, without any regular fees for lodging and accommodation or for meals and comforts, without a single full-time worker for or at the Club, we have not only managed and existed, but we have grown and developed beyond our greatest and most optimistic expectations.

I somehow feel that the answer is in that little verse that I have quoted. Moreover and furthermore, I feel that the answer to many more problems in our everyday life is in that verse. If we feel sure we are on the right track, if we feel sure that the task to which we apply ourselves is a good and noble one and deserving of our greatest effort, and if we just have the courage of our convictions to tackle the job and see it through there is just no question of losing.

That is the spirit of Canada. That was the spirit of the old pioneers, our fathers and the fathers of 10,000 people who have made Canada what it is. That spirit made Canada a nation in the first World War and a world Power in this Second War. That spirit will help us to maintain our position, equal to all and second to none.

CALLING ALL VETERANS!

In the last two numbers of our "Newsletter" we have announced the formation of the Ukrainian-Canadian Veterans' Association with the main headquarters temporarily set up at 715 McIntyre Building, Winnipeg. Similar announcements have also been printed in the Ukrainian papers in Canada for the benefit of all those of our members who have returned to Canada and who have already been or are soon to be demobbed.

It is the plan of the U.C.V.A. that each U.C.V.A. branch should also become a regular branch of the Canadian Legion, and in accordance with this we take pleasure in announcing the first such Ukrainian-Canadian branch of the Canadian Legion—branch No. 141, in Winnipeg. This branch has been granted a regular charter by the Provincial Command of the Legion and consists of Ukrainian veterans of both World Wars.

We, as servicemen, and as members of the U.C.S.A., consider that our fellow members now back in Winnipeg have taken a step in the right direction, and would recommend all other branches of U.C.V.A. that are already organized or soon to be organized to follow the example of our Winnipeg branch.

The Canadian Legion is the best veterans' organization that can be for Canadian veterans. In unity there is strength and the Canadian Legion should be the unifying institution for all Canadian veterans.

Detailed information for U.C.V.A. branches as to how to join the Legion can be obtained from the U.C.V.A. Headquarters at the address given above, from the branch formed in Winnipeg or direct from the Provincial Command of the Canadian Legion. All U.C.S.A. members are again reminded at this stage that both U.C.S.A. (218 Sussex Gardens, Paddington, W.2.) and U.C.V.A. (715 McIntyre Building, Winnipeg, Man.), are most anxious to have your Home Address. Please don't put it off any longer. Write us to-day, giving us this information so that we can continue to send our Newsletters and all our literature to you after you are repatriated to Canada.

THE PADRES' PAGE

Until recently all the freedom loving nations were exerting every effort to fight aggression. It took six long years of sacrifice, of hard struggle and of casualties on land, sea and air to reach the objective. The objective was reached. To-day we stand on the threshold of a new period. To-day a more serious problem is confronting the victors—the problem of peace and reconstruction.

The Ukrainian-Canadians in the armed forces are keenly interested in the reconstruction that will take place. They have reason to be, firstly, together with other loyal sons and daughters of the United Nations they bore the brunt of the struggle. And secondly, a goodly portion of the Canadian forces were Ukrainians.

Prof. Watson Kirkconnell in his book entitled "Our Ukrainian Loyalists" states, "between 30,000 to 40,000 lads of Ukrainian descent are in the armed forces. At least 250 of them a commissioned officers." This was the figure before the midsummer of 1943. At the cessation of hostilities, the figure undoubtedly was much higher. These "lads" did their share in all the theatres of this war as did all other servicemen. So these lads as all other servicemen soon to be, veterans are thinking and must think of reconstruction.

This is the time to think. The demolished, disfigured and war torn countries are a glaring and constant reminder of the importance and need for a long and lasting peace. If we fail to lay the foundations now the six year struggle will have been in vain. All our sacrifices, all our casualties and all our efforts will have been in vain.

EACH ONE

You, too, have greatness somewhere in your heart. You too, have wisdom that you will impart. The hour will come when, by your word or deed, Some mind will lift, some soul will find its need. Yes, even you, one life on this big earth Will make your mark, and prove yourself of worth-To-day, tomorrow, who knows when you'll start. You too, have greatness planted in your heart.

THE SAME STILL APPLIES. WE WANT YOUR NAME AND ADDRESS

- AND YOUR FRIENDS...!

CALLING ALL VETERANS...

In one of the few issues of the UCSA Newsletter published overseas, No. 11 October 1945, we published an appeal announcing the transition from "servicemen to veterans", the expected return to Canada, demobilization and resettlement and rehabilitation. We also announced at that time the formation in Canada of UCVA and Canadian Legion Branch 141, our hosts in Winnipeg for this reunion.

We reproduce below verbatim, the statement which we published at the time. In that same issue we published a message from one of our chaplain, H|Capt Father S.P. Symchych, now in Edmonton. Both these messages speak for them selves today.

QUESTION AND ANSWER

WHO CAN JOIN UCVA?

All veterans from the Canadian military forces who are of Ukrainian origin.

All veterans living in Canada who are of Ukrainian origin and who qualify

for membership in any other Canadian Veterans' organization.

All Canadian citizens of Ukrainian origin who can produce evidence of military service, are recommended by two other members in good standing and accepted by the membership committee of a local or of the National Council.

HOW CAN ONE JOIN?

By completing a proper application form and signing by one's own hand the required declaration. Applicants who do not belong to any other veterans' organization as yet must be recommended by two other members. These may be members of the executive who have studied the application, reviewed his or her credentials or interviewed the applicant.

By having his name submitted by the office or officers of another veterans' organization of which the applicant is already a member. Such members are accepted on the recommendation of their own organization but must at their convenience complete and sign in their own hand a proper application form. By paying the established fee. Membership must be renewed annually.

HOW DO I KNOW OR LEARN ABOUT THE WORK OF UCVA AND OTHER UKRAINIAN VETERANS?

UCVA publishes a non-periodic NEWSLETTER which serves as a means of contact among all members. One form of this NEWSLETTER is published weekly under the title "Voyatska Dumka" (A Soldier's Thought) in the Ukrainian Weekly which is published in Toronto "Vilne Slovo" (Free Word). This page also uses topics in the English language although most of it is in Ukrainian. Special issues of the Newsletter are also published from time to time, as required, such as this issue which the reader holds in his hand now. There is also published a QUARTERLY called NEW OPINION which is also bilingual, the bulk however being in English. Members must subscribe to these publications and read them if they wish to be informed about anything and everything conserning the organization.

WHY SHOULD I JOIN?

Your best answer is to read and study the constitution of the association.

WHAT IS THE LANGUAGE OF THE ASSOCIATION?

The Association is freely bilingual and conducts all its affairs in the Ukrainian and English languages. Official publications of UCVA are published in either or both languages.

HOW CAN NON-VETERANS ASSOCIATE THEMSELVES WITH UCVA?

They can apply to join or be invited to join as honourary, social or associate members, themselves or recommend others. The constitution allows for such association of friends and relatives. Such honourary, social or associate members have all the same services, rights and privileges as well as duties, except that they cannot hold office in an executive position or vote on matters of policy in the association.

THE STORY OF UKRAINIAN CANADIAN VETERANS BRANCH 141 OF THE CANADIAN LEGION AND THE ASSOCIATION

The story of UCVA and Branch lil are so closely interwoven that it would be impossible to talk of one without talking about the other, for not only was Winnipeg the birthplace and for a long time the home of both but the people who were leaders in the early days of UCVA were also the founders of Branch lil. History has certain basic rules which it insists on following, and one of these rules is that people who think alike and feel alike, often work together building and creating the same or similar things.

It would be impossible to tell the story of both UCVA and Branch lill in one page or even a few hundred pages, but we do intend to say something here about the early days of both. Although, in fairness it must be said that like all history, there are many streams and tributaries at the source which eventually make the main stream, and it is humanly impossible to mention them all or even see them all clear-

ly and separately.

Without detracting at all from the contribution of those in the armed forces of Canada who remained in Canada and did not get overseas, it is fair to say that the first concrete steps towards the creation of a Veterans' organization were taken in the U.C.S.A. overseas, and long before the end of the war. Many were the soldiers and many the night, when far into the early hours of morning they talked and talked of the future, the cessation of hostilities, the return to Canada, and the continuation of the fraternity that had been built up on active service abroad.

The first UCSA members to be repatriated therefore, by appointment of the UCSA Executive, became the first UCVA Committee in Canada. They worked very closely with the Dominion Executive of the Ukrainian Canadian Committee who were just as anxious to support the veterans after the war, as they were anxious to support and did support the servicemen during the war. The unity of purpose was constant and very continuous. Together, the UCSA and later the UCVA Committee in Winnipe and the UCC Rehabilitation Committee included such names as: Capt J.R. Karasevich, LAC L. Wojcichowsky, H/Capt S.W. Sawchuk, H/Capt O. Pelech, Dr. B. Dyma, Mr J. R. Solomon, MLA, W. Kossar, W. Hrymaliuk, J. Swischook, G. H. Budewski, A. Tymchuk, S. Karasevich, G.B. Cherney, P. Kosak, A. Babaluk, S. Presolowski, F/Lt W. Kereliuk, D. Feniuk, S. Krepiakevich, M. Kepron, F/O J. Ustick, M. Maximick, J. Bodnarchuk, I. Gulay, and others, most of whom attended the "Stag and Election Get-together" held at St. Regis Hotel, June 14, 1945. Mr J.R. Solomon (now Judge) headed the Rehabilitation Committee, Capt J.R. Karasevich (now UCVA National President) was elected to head the "Initiative Committee" for the organization of UCVA and for establishing Branch lul (which already existed) on a new foundation with World War II veterans.

For the background to Branch 141 we must go back to World War I and the Ukrainian veterans who have always supported and still support our organization. These were the Winnipeg branches of the Ukrainian War Veterans Association and the Ukrainian War Veterans League. And that, dear reader, will take us into chapter two of our story, which

we sincerely hope, is to be continued.

UKRAINIAN AMERICAN VETERANS

It is hoped that for the first time in the history of Ukrainian Canadian and Ukrainian American Veterans, our leaders and representatives will meet together pretty formally at the Reunion and Gettogether which is being held in Winnipeg, May 16-17, 1964. This is the direct result and follow-up of preparatory meetings held between the General Secretary of UCVA and the National Commander and his Colleagues of U.A.V. held in Philadelphia between April 29th and May 3rd, this year.

It is most interesting to note that there is not only very much in common between the U.A.V. and the U.C.V.A., but that both these organizations are very similar in form and structure and aims and

purposes.

It is estimated that while we have about 40-50,000 Canadian veterans of Ukrainian descent (including both World Wars, Korea & postwar services) there must be close to twice that number of American veterans of Ukrainian origin. The Canadian organization is much strong, bigger and perhaps better organized, only because of the advantage derived from our prewar compact settlements, our war-time Servicemen's Association and the London Club, the fact that we had six chaplains and such extensive support from the entire Ukrainian community and from our fellow-Canadians (including the government) during the war, and the head start that we had in organizing our selves as a body immediately following the cessation of hostilities.

For a long time after the War, our American colleagues, spread and scattered as they were throughout the broad expenses of their land, devoted their efforts to establishing "Posts" of many different types and kinds. It was not until about 1947 that they managed to constitute themselves into a National Veterans Organization. Since that time their organization has grown both in quantity and quality, so that today, they look back with pride at the road along which they have come.

They call their branches "Posts" and their national president is a "National Commander" while their General Secretary is the "Adjutant". All American Veterans organizations, including the American Legion follow the same general pattern. Ukrainian American Veterans now boast 18 or more posts and Ladies! Auxiliaries are coming along almost as well. Generally speaking, they have no "Clubs" or property of their own because for the most part they meet in the Ukrainian Halls and Clubs that have already been organized and have existed for many years. For meetings they have their uniforms, their banners and their ritual, much as we do in Canada. They may not be quite as "bilingual" as some of us, but in spirit and in aims and purposes, they are as staunch Americans and Ukrainians as we are Canadians and Ukrainians, At the unveiling of the Shevchenko monument in Washington in June of this year, our opposite numbers organized in the U.A.V. will play much the same role as did our Ukrainian Canadian Veterans in Winnipeg in 1961 when Canada unveiled its Shevchenko monument in the grounds of the Manitoba Legilature.

The next National Convention of the Ukrainian American Veterans will take place very soon, at the U.N.A. Resort "Soyuzivka" not far the city of New York, at Kerhonkson, New York State. It is sincerely hoped that in return for the compliment paid to us, UCVA will find it possible to send its formal representatives as guests to the

U.A.V. Convention.

Do you REMEBER THE FUNDAMENTAL PRINCIPLES FOR WHICH WE FOUGHT?

- Canada is a free country. We have fought before and we will fight again that the freedom and democratic way of life which we enjoy may be preserved.
- 2. All people in Canada are born free to act within the law.
- 3. Every Canadian citizen has equal opportunity to develop and progress within the limits of his or her individual ability.
- 4. The government of Canada is "of the people, by the people and for the peopl
- 5. The policy for all is determined by the majority but minority opinion is always respected.
- 6. Your home and your property are your own and cannot be violated.
- 7. Everybody is free to worship according to his or her own traditional rites and religious observance and cultural activities cannot be interfered with.
- TO PROMOTE AND PRESERVE THESE INTO POSTERITY JOIN UCVA....THAT'S ONE WAY....

DON'T QUIT

When things go wrong, as they sometimes will, When the road you are trudging seems all uphill, When the funds are low and the debts are high, And you want to smile, but you have to sigh, When care, is pressing you down a bit; Rest, if you must, BUT DO NOT QUIT.

Life is queer, with it twists and turns,
As every one of us sometimes learns,
And many a fellow turns about,
When he might have won had he stuck it out.
So, don't give up, though the pace seems slow;
You may succeed with another blow.

Often the goal is nearer than
It seems to a faint and faltering man;
Often the struggler has given up,
When he might have won the victor's cup;
And he learned too late when the night came down;
How close he was to the golden crown.

Success is failure turned inside out;
The silver tint of the clouds of doubt;
And you never can tell how close you are;
It may be near, when it seems afar;
So stick to the fight when you're hardest hit;
It's when things seem worse THAT YOU MUST NOT QUIT.

This is now History. How many of the people in this photo montage can you recognize?

One of the largest and most successful get-togethers held overseas was on the week-end of November 10-11, 1945. It was truly a grand "Remembrance Day". A detailed report with very many photographs appeared in the UCSA Newsletter Supplement, dated November 1945 which followed Newsletter No. 12, the last issue published overseas. Here is a collection of "Candid Snaps" taken at this last Grand Get-together. We challenge all those in this grand array to turn up to the next Reunion, to be held in Montreal or Ottawa, in 1967. It's a DARE.

AN APPEAL

ear fellow Canadians,

During the year 1967 Canada will be celebrating the 100th Anniversary of its national birth trainians have witnessed and participated in well over 75 years of this history of Canada's greatest d most glorious growth to full nationhood, for the first Ukrainian immigrants to Canada came in 1891.

During the first World War (1914-1918) thousands of Ukrainians in Canada voluntarily offered eir services to Canada's armed forces in spite of the fact that through lack of knowledge and infortation in official circles too often they were considered as undesireable and even alien. During that it Pylyp Konoval, who recently died in Ottawa received the highest decoration in the British Empire, to Victoria Cross, for heroism in combat against the Germans on the Western Front.

From the arrival of the first Ukrainian immigrant to Canada Ukrainian Canadians have freely d voluntarily participated in every effort of Canada, in the armed forces and in every other way postle in the defence of Canada, its nationhood, its independence and that freedom which is so dear to of us

ring the Second World War (1939-1945) the estimated number of Canadians of Ukrainian origin rying in the armed forces of Canada rose to somewhere between 40 to 50 thousand (statement of e late Brigadier Trudeau) of whom about 10,000 were listed in one form or another in the archives of e UKRAINIAN CANADIAN SERVICEMEN'S ASSOCIATION (Active Service Overseas) — U. C. S. A

Today, there are residing in Canada thousands of other Canadians of Ukrainian origin who have reved on various fronts, in various other military allied formations such as the British, American. Poh and other forces, in the revolutionary formations of UPA, in the First Ukrainian Division of U. N. A. the various free and independent Ukrainian armies during the two world wars, before, between and uce, who have served wherever and whenever they could as best they could, in the circumstances in mich they found themselves, for the same ideals and ideas of freedom, justice and democratic liberty the which they now live as free citizens in this dearly loved and appreciated adopted homeland.

Without exact and accurate research it is difficult to establish the total number of Canadians of trainian origin who are veterans or who have served in the armed forces but the temporary provisional efforts made in this direction by the Ukrainian Canadian Veterans Association (UCVA) indicate that e number may be between 75 and 100 thousand, if not more, taking into consideration the very large lambers who served and are still serving in the active and reserve forces now, in various cadet and ther para military formations, police forces, etc.

C he occasion of Canada's Centenary in 1967 the UKRAINIAN CANADIAN VETERANS' ASSOATL proposes to publish a list of names and addresses of all those referred to above in the form
A GOLDEN BOOK OF THOSE WHO SERVED and who are now living in Canada as citizens of this
and country. In order to help us collect and collate this information and materials the National Counci
the Ukrainian Canadian Veterans' Association (UCVA) is appealing to all Ukrainian Canadians of
ood-will, to all organizations, to all church parishes to all executives, to all priests and ministers of our
krainian churches in Canada, to all member organizations of the Ukrainian Canadian Committee and
I its branches through-out Canada, to collect and send in to the General Secretary of the Association
e names and addresses of any veterans known to them. Duplication is much preferable to neglect. All
times and addresses should be sent to:

ВІДОЗВА

Дорогі наші земляки!...

В 1967-му році Канада святкуватиме сто-літній ювілей своєї державности. Українці б ли свідками і учасниками понад 75 років цієї державної історії — років найбільшого і на славнішого розвою і розросту цієї країни, бо перші наші іміґранти почали приїздити до К нади від 1891 року.

У першій світовій війні (1914-1918) тисячі українців Канади добровільно зголошувалис до активної військової служби у Збройних Силах Канади, хоч уряд, не знаючи нас, тракт вав більшість українців як небажаний, а то й ворожий елемент. В цій війні Пилип Конова який недавно помер в Оттаві, здобув найвище відзначення Брітанської Імперії — Хрест Екторії (Victoria Cross) за геройство в боях проти німців на Західньому Фронті.

Від часу першого українця-поселенця в Канаді українці добровільно зі зброєю ний можливий спосіб брали участь в обороні Канади, її державности, незалежности і улюбленої волі.

В другій світовій війні (1939-1945) в Канадійських Збройних Силах служило 40 до 50 т сяч канадійців українського роду (слово Бригадіра Трудо), а около 10,000 їх були охопле списками СОЮЗУ УКРАЇНСЬКИХ КАНАДІЙСЬКИХ ВОЯКІВ (СУКВ-UCSA).

В Канаді є також десятки тисяч колишніх вояків (ветеранів) інших військових формац (Армії УНР, Галицької Армії, УСС-си, Карпатські Січовики, УПА, І Українська Дивізія УН польської армії та інших союзних армій, які в той чи інший час, там, де знаходилися і та як могли, зі зброєю в руках служили в основному тим самим ідеалам волі, свободи, справ дливости і демократії, якими вони живуть тепер у Канаді, будучи громадянами цієї вс нам любої прибраної Батьківщини.

Число всіх українців колишних вояків (ветеранів) у Канаді точно устійнити тяжко б докладних дослідів, але на підставі провізоричних розшуків СОЮЗУ УКРАЇНСЬКИХ КАНАДІЙСЬКИХ ВЕТЕРАНІВ (СУКВ-UCVA) — це число доходить до 75, може й 100 тисяч.

З нагоди сто-ліття Канади і роковин, які Канада буде вібзначувати, СОЮЗ УКРАЇНСЬКИ КАНАДІЙСЬКИХ ВЕТЕРАНІВ приготовляє до видання ЗОЛОТУ КНИГУ, в якій б СП СОК (імена і адреси) всіх тих, які будьде і будьколи служили у збройних силах і тепер живу у Канаді. Щоб допомогти нам цей список зібрати, Всеканадійська Рада Союзу Ветеран звертається до всіх українців у Канаді, до всіх організацій, до церковних громад, до всіх св щеників-настоятелів та всіх отців-парохів, до всіх Складових Організацій КУК і по-одиноки їх Відділів, ЗІБРАТИ ПО ВСІХ ОКОЛИЦЯХ ІМЕНА І АДРЕСИ ТИХ, ЩО СЛУЖИЛИ ЗБРОЙНИХ СИЛАХ І ПЕРЕСИЛАТИ ЇХ НА АДРЕСУ ГЕНЕРАЛЬНОГО СЕКРЕТАГ

Dig my grave and raise my barrow By the Dnieper-side In Ukraina, my own land A fair land and wide.

I will lie and watch the cornfields, Listen through the years To the river voices roaring, Roaring in my ears.

When I hear the call Of the racing flood, Loud with hated blood, I will leave them all,

Fields and hills; and force my way Right up to the Throne Where God sits alone; Clasp His feet, and pray . . .

But till that day What is God to me? Bury me, be done with me, Rise and break your chain,

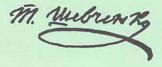

Watch your new liberty
With blood for rain.
Then, in the mighty family
Of all men that are free,
May be sometimes, very softly
You will speak of me.
